Uptown is a non-profit 501(c) (3) organization, dedicated to helping the homeless and those in need within the city of San Diego. If you would like to learn more about how you can help support uptown in its vital mission, please visit our website: www.uptownfaith.org

Mac's Message

Operations Coordinator

J.D. MacDonald

A VOLUNTEER SALUTE

Roger Frey is a key asset at Uptown. He heard about our Service Center from a friend. Since becoming a volunteer, Roger has made a huge difference. Using his professional computer skills, he implemented a computer check-in system for our clients. This electronic system helps us accurately track who is coming to Uptown, how often they come and what services they are receiving. This data will be used to help us obtain grant funding that will be used to maintain and increase our capacity to help the clients!

**ROGER,
THANKS FOR ALL THAT YOU DO!**

New Computers Enhance Record Keeping and Client Access

San Diego Futures Foundation donated computers and technicians to install them at the front desk for client registration (*photo above on the left*) and in the computer room for use of clients (*photo above on the right*). Roger Frey implemented the new system that is now used to register clients each time they visit the center. The new registration system is already providing more accurate data about:

1. Total number of Uptown clients as it became obvious that some clients who frequent the center were not registered at all; and
2. How often clients return to the Center as during July and August, the average was 3 visits per month per client.
